---------------------------------------	--

WC is through their PEO - do not quote

Call notes - 09/24/2026 (Anjali M-C)

- ~140 small-business clients, mostly medical and law offices. Managed IT, network admin, M365/cloud migrations, security assessments. No software sold as a product.
- Team: office in Seattle, but 9 of the 22 FT staff work remote from OR, ID and CA.
- Revenue split roughly 70% recurring managed services, 30% projects.
- Contracts require them to carry \$2M E&O; some clients asking for cyber too.
- Loss history: no claims filed in 5 years. In March 2024 a staff member fell for a phishing email; contained same day, no client data lost, no claim made and nothing paid. Anjali wanted it disclosed anyway.
- Current carrier non-renewing E&O (exiting tech class). Wants quotes by mid-November.
