Jordan - one thing in Dana's email. The \$1.94M revenue is everything including snow removal. Landscaping alone was more like \$1.6M if that matters for the quote.

You can put me down as a contact too, my cell is (555) 016-4471.

Mike

Hi Jordan, sorry for the delay, fall cleanups have us slammed. Answers to your list:

1. Legal name is Greenline Landscape & Snow Co. but everybody knows us as Greenline Landscaping.
2. We're a general partnership (Mike and his brother Kevin). FEIN 00-3141592.
3. Started in 2014 when we bought the old Hartley Lawn route.
4. 1180 Orchard Lane, Fort Collins, CO 80524. We also rent an equipment yard on Timberline Rd.
5. Residential + commercial lawn maintenance, landscape installs (patios, retaining walls under 4 ft) and snow plowing for about 30 commercial lots in winter. No tree work over 20 ft.
6. 9 full-time year round. In summer we add 10-12 seasonal guys, on payroll roughly April to October.
7. Revenue last year was \$1,940,000. Payroll \$862,000 including the seasonals.
8. We need general liability, workers comp and auto (6 trucks, 4 trailers). Mike also wants a price on a \$1M umbrella if it's not crazy.
9. GL limits same as now, \$1M per occurrence / \$2M aggregate.
10. Our current policy ends 3/31 so the new one should start then.

Claims in the last 5 years (from my notes):

- July 2023: crew member hurt his back lifting pavers. Workers comp paid \$9,400.
- Nov 2024: one of our trucks rear-ended a car at a light. Auto claim, paid \$3,150.
- June 2025: mower threw a rock through a client's sliding door. GL paid \$1,280.

Thanks!

Hi Dana, great talking today. To shop your renewal I need: legal name, entity type and FEIN, how long you've been in business, address, what you do, employees (full and part time), revenue and payroll, which coverages, limits, when you want it to start, and any claims in the last 5 years.

Thanks,
Jordan Ellis
